| Project Name | Inventory Management System for Retailers |

| Problem Statement (PS) | I am (Customer) | I'm trying to | But | Because | Which makes me feel |
|------------------------|---|--|---|---|--|
| PS-1 | I am a rice shop owner who keeps his stocks updated | Update the current stock in my inventory according to the customer's purchases | I 'm unable to upload and update the data | The server is very bad due to the network in remote areas | Frustrated and unable to update the products which users needed. |

| | | | | | |
|-------|---|---|-----------------------------------|---------------------------------|--|
| PS-II | I am Kathiravan, who is a customer to a shop. | Update the products which are not available at the store. | the data has been entered wrongly | heavy network traffic to update | to go for alternative decisions like searching on another shop, leave the product out etc. |
